HOW TO ASSEMBLE THE ZEO ZORDS™

ZEO ZORD V ASSEMBLY

Snap the tabs at the base of the Zeo Megazord Helmet into the slots on the underside of Zeo Zord V with the front of the helmet facing upwards. Then, rotate the feet back and down. The finished Assembly will look like the picture on the right, above.

ZEO ZORD IV ASSEMBLY

Press the two tabs at the rear of Zeo Zord IV together and pull the back end of the body out. Then rotate the tail out, as shown in the inset.

Insert the tabs on the Zeo Zord IV's Horns into the slots on the side of the Head. Then, insert the tabs at the rear of the Head into the slots at the front of the body and snap them together.

ZEO ZORD I ASSEMBLY

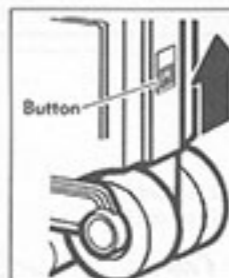

Snap the tabs on the bottom of the Zeo Zord I Head into the slots on the top of the Zeo Zord I Base, as shown.

ZEO ZORD II ASSEMBLY

Snap the tabs on the bottom of the Zeo Zord II Head into the slots on the top of the Zeo Zord II Base, as shown.

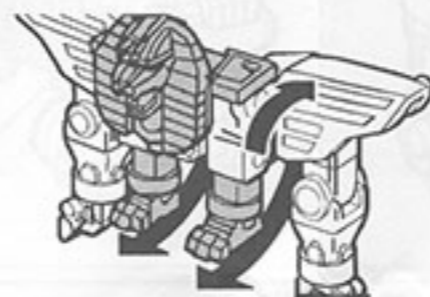

The Button on the back of Zeo Zord I and Zeo Zord II allows you to activate their side mounted weapons. Press the Button up to activate the weapons. Press the weapons back into the sides of the Zeo Zords when not in use, as shown on the other side of these instructions.

ZEO ZORD III ASSEMBLY

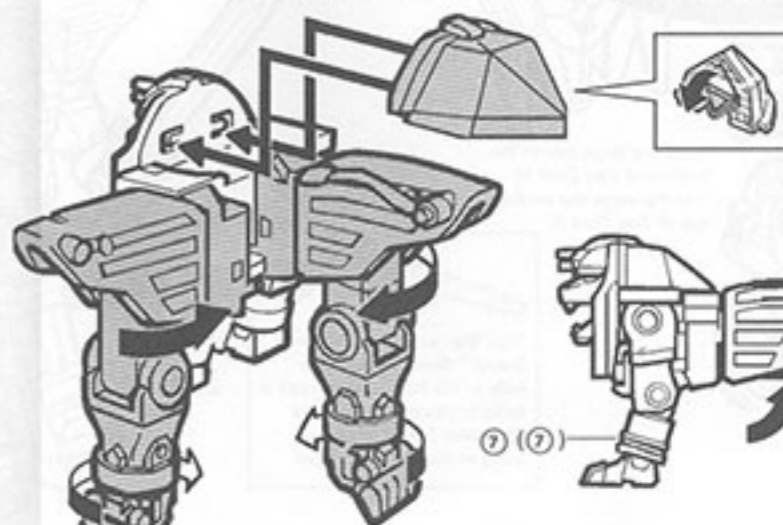

1

Unsnap Zeo Zord III's face plate by pulling it out from the bottom. Rotate it back and up, so the face remains facing forward, as shown in the lower drawing. Then, rotate the front legs forward.

2

Rotate the visor of the Zeo Zord III Mane into the helmet, as shown in the inset to the right. Then, snap the tabs at the base of the Zeo Zord III Mane into the slots at the back of the head.

3

Rotate the two body sections backwards and together until they snap into place. Rotate the rear feet until they point forwards.

4

Rotate the tail back and out from the body.

5

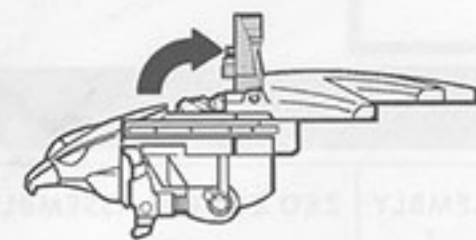

Finally, rotate the rear legs backward until they are pointing straight back, then bend the lower portion of the legs forward at the knees.

HOW TO MORPH THE ZEO ZORDS™ INTO THE ZEO MEGAZORD™ *

CHARIOT BATTLE MODE

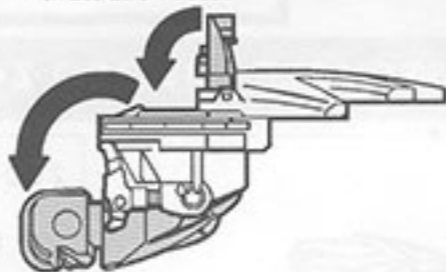

*These morphing instructions assume you have not already assembled the individual Zeo Zords, as described on the opposite side of this page.

HOW TO MORPH ZEO ZORD V™

1 Open the hatch on Zeo Zord V's back.

2 Rotate the beak down until the head snaps into place, as shown. Then, close the hatch on Zeo Zord V's back.

3 Fold the wings down and back into the sides of Zeo Zord V.

HOW TO MORPH ZEO ZORD I™ AND ZEO ZORD II™ WITH ZEO ZORD IV™

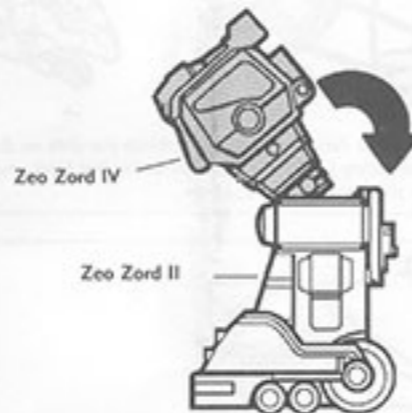

11 Press in the side mounted weapons, until they lock in place. Flip open the Top Hatch.

21 Press in the side mounted weapons, until they lock in place. Flip open the Top Hatch.

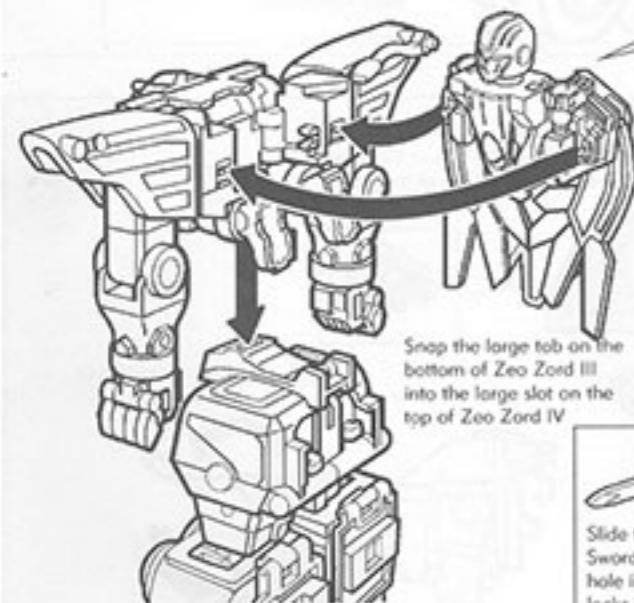

Rotate out the heel stabilizers between the back wheels of both Zeo Zords.

Slide the toes of Zeo Zord IV under the tab at the top of the base of Zeo Zord II, as shown. Then, rotate Zeo Zord IV down and back until the feet lock into the top of Zeo Zord II. This will form the left leg of the Zeo Megazord. Repeat this process with Zeo Zord I to form the right leg of the Zeo Megazord.

FINAL ZEO MEGAZORD ASSEMBLY

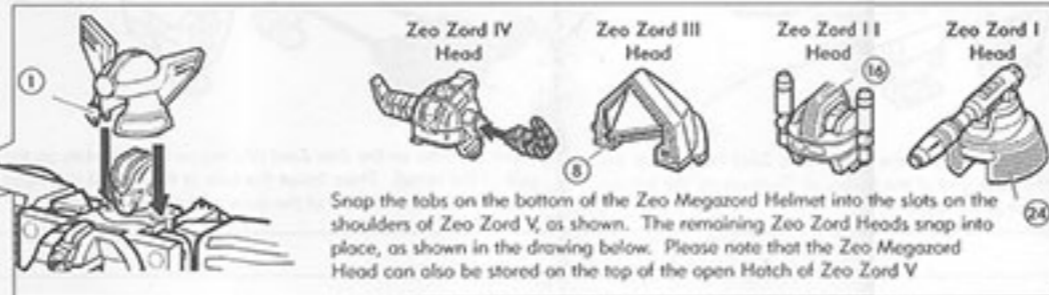

Snap the tabs under the shoulders of Zeo Zord V into the slots behind the shoulders of Zeo Zord III™

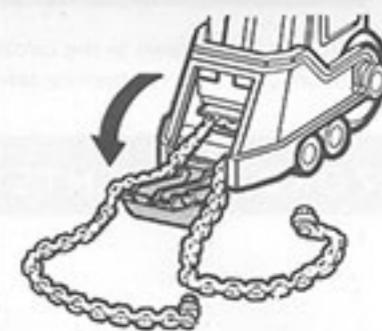

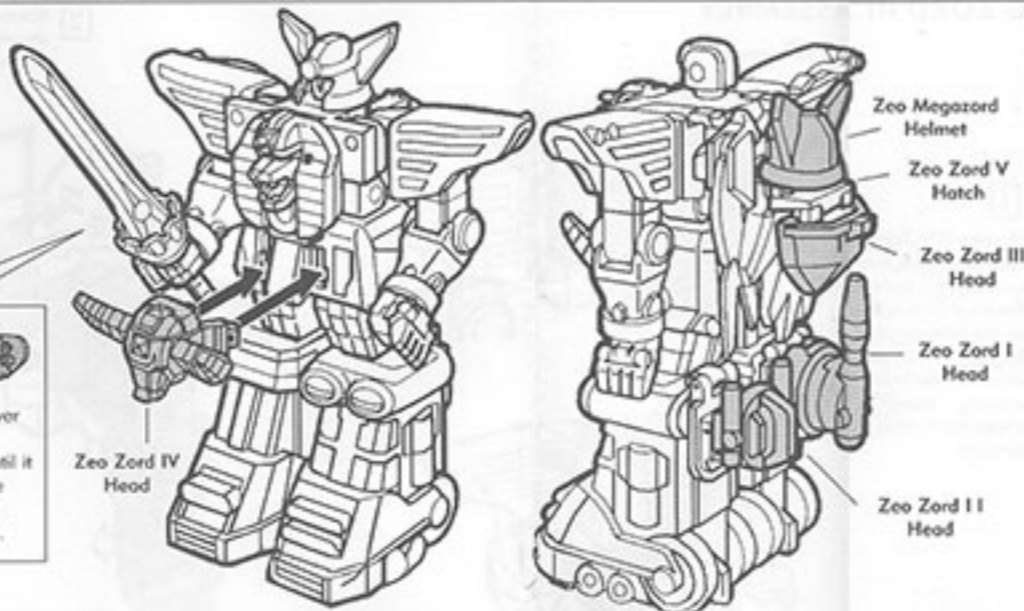

Snap the large tab on the bottom of Zeo Zord III into the large slot on the top of Zeo Zord IV

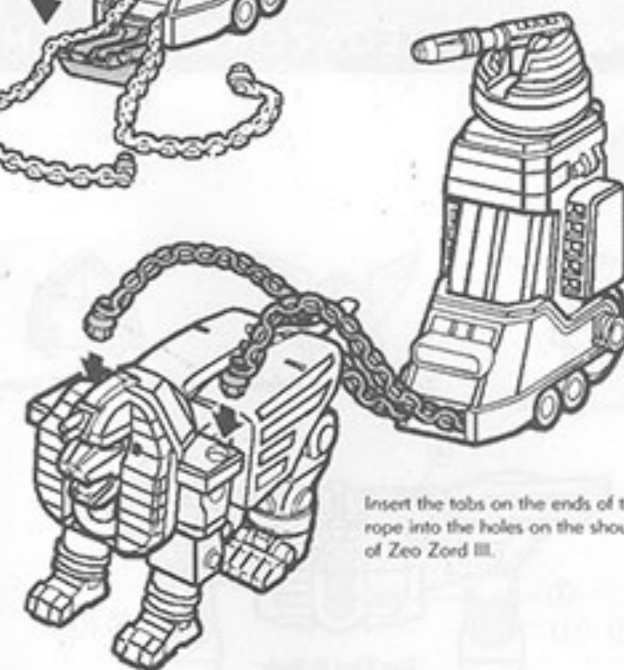

Slide the handle of the Power Sword™ firmly through the hole in the Hand Guard until it locks in place. Then, place the Power Sword in either hand of the Zeo Megazord.

Snap the tabs on the bottom of the Zeo Megazord Helmet into the slots on the shoulders of Zeo Zord V, as shown. The remaining Zeo Zord Heads snap into place, as shown in the drawing below. Please note that the Zeo Megazord Head can also be stored on the top of the open Hatch of Zeo Zord V

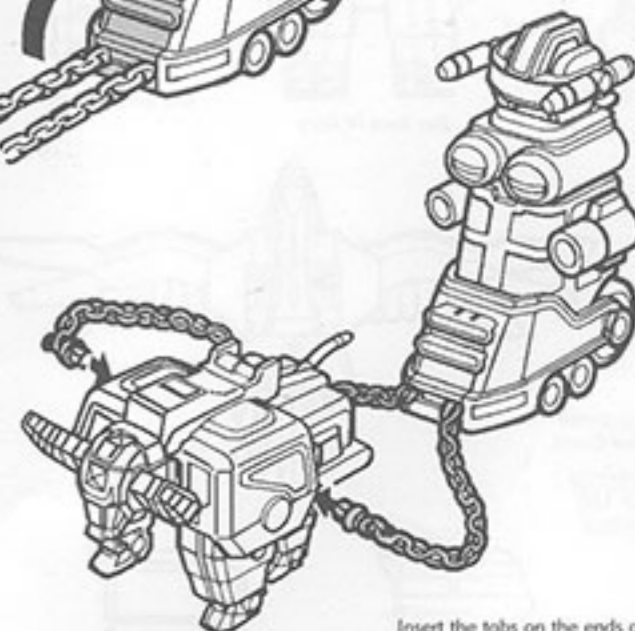

Fold open the front of Zeo Zord I and pull out the rope. Slide the rope through the slots on the sides of the open door and shut the door.

Insert the tabs on the ends of the rope into the holes on the shoulders of Zeo Zord III.

Fold open the front of Zeo Zord II and pull out the rope. Slide the rope through the slots on the sides of the open door and shut the door.

Insert the tabs on the ends of the rope into the holes on the sides of Zeo Zord IV.
